Parent Contributions

Parent contributions support the delivery of the best possible educational outcomes for students through providing additional funds to improve the quality and range of school materials and resources which enrich the learning opportunities for our students.

Durack School Council suggests a contribution of \$100.00 per child per annum or \$25.00 per term.

Parents should note that these contributions are not compulsory and that essential school materials and services will not be withheld from the children of parents who elect not to contribute. However, in the interests of fairness and in support of our efforts to secure the best outcomes for your children, we ask that parents make every effort to support the school through the payment of the contributions as recommended by the School Council. The contributions contribute towards offsetting costs in areas such as:

Information Technology – maintenance and replacement of Items such as Smart Boards, software licenses, computer accessories, computers and laptops as well as purchase of latest technology and software. IT has been a priority area for our school in recent years and this continues to be the case.

Playground – the cost of installation and maintenance of play equipment, soft-fall and sporting equipment etc.

Library – the purchase of resources and consumables in the library. Items such as fiction and non-fiction books, reference books, whole class sets and dictionaries need to be updated and replaced as they wear out or become superseded.

Photocopiers, printers, laminating – the cost associated with producing learning resources.

Classroom consumables such as materials for special programs and events e.g. science, cooking, craft.

Medical – the cost of ambulance cover for each student and First Aid supplies.

Payment: Payment may be made by cash, bank transfer or credit card.
